CITY'S DEBENTURES NOT CALL ENGINE A WINNER SOLD

Action for damages threatened against city. --- Gas well proposition discussed. --- W. F. Crane to act as Fire chief. --- Accounts passed

The regular meeting of the city council was held on Tuesday evening with all the members present except His Worship and Ald. Wallace. After the adoption of the minutes of the previous meeting, the correspondence was taken up, and a number of circulars were filed without record.

A letter from the Union Alberta Municipalities asked that the annual membership fee of \$10 be remitted. On motion of Bannan-Cross the clerk was instructed to comply with this request.

W. H. Odell reported that he has secured a judgment for \$281.75 against the land held by Thos. Wager on account of the debt he owed the city through his late wife stopping at the hospital for some weeks. The report was filed.

Letters and telegrams from Terry, Briggs & Sleight conveyed the intelligence that the negotiations for a purchase of the city's debentures were terminated, as there were some minor details that did not meet with their approval.

Clark & Seale solicitors, wrote regarding the debentures referred to them for approval. The by-laws have been re-drafted, and the aldermen are of the opinion that they are a great improvement over the form which the city has used heretofore. The by-laws are for \$18,000 waterworks and sewers; \$20,000 for electric light extensions, and \$5,400 to cover overdrafts at the bank, and will be submitted to the ratepayers shortly for approval.

Watt & Watt, solicitors, wrote on April 23rd of Thos. Wager, a claimant, intimating that an action for damages would be brought against the city on account of water damaging a house, furnace and barn owned by the claimant. The letter was filed.

It was further pointed out by Watt & Watt that Dr. Barrow, provincial health officer, had paid a visit to the city at the request of the aldermen, and that he had condemned certain portions of the sewer system on the east side of railway track.

No action was taken as the aldermen will await the report of the health officer on the matter. The medical health officer has not reported for the month of March, and it was moved by Dr. Barrow that he be requested to report regularly the first of each month.

A number of sidewalk petitions were presented. On motion of Cross-Gothard the time for receiving petitions has been extended until May 1 and the matter will be taken up when all the applications are received.

A representative of the fire branch of the C. P. R. then addressed the council stating that it was the

wish of the company to set out a park and drive way at the station grounds here, and wished the co-operation of the council. The council consented to move the band stand and the publicly sign, and also agreed to the moving of the sidewalk onto the north side of Pearce Street.

Bannan-Gothard --- That the secretary-treasurer again take up the matter of having a cement sidewalk laid on Pearce street, past the station grounds with the railway company, requesting that they have the present well replaced as soon as possible.

The council again took up the matter of the gas well. Mr. Siggelkow, Calgary, who had not answered the communications to interview the board was now considered to be out of the question, and in the general discussion, it was thought by Ald. Duggan and others, that it might be practicable to lease the drilling outfit, now in the ground, purchase new cables and by placing a reliable driller in charge, the work could be proceeded with more cheaply than in any other way that presented itself at the present time.

Ald. Gothard was in favor of letting the contract at once to the North West Drilling Co., but it was pointed out that the city had not sufficient funds to do this as the well could not be sunk to 1500 feet at the price they asked in their communication. The question was discussed on motion of Cross-Bannan.

That the secretary-treasurer request a representative of the Northwest Drilling Co. to interview the council next Tuesday evening at 8 o'clock to talk over the proposition. It was moved by Duggan-Gross that 16 lamps be purchased from the Northwest Drilling Co. at \$29.10 per lamp, and that they be paid for out of general revenue account. Carried.

Bannan-Duggan --- That the finance committee be authorized to lease a number of chief temporary city employees, including waterworks and sewers men, policemen, fire chief and teamster, at the rate of \$2 per day. Carried.

Ald. Bannan, chairman of the fire and water committee, reported that as the fire chief had resigned, W. F. Crane be requested to assume the duties of chief temporarily. He also recommended that a janitor be procured for the fire hall, who would answer the telephone, ring the bell at the usual hours, keep the building clean, etc. The report was adopted.

An account from J. H. Knowlton was referred to the chairman of the finance and electric light committees.

A representative of the monthly accounts meeting adjourned.

Demise of Mrs. Asselstine

The demise took place on Tuesday forenoon of this week of Harriet Weirand, beloved wife of Mr. E. B. Asselstine, M.A., master of mathematics in the Wetaskiwin High School, after a serious illness of a little over a month.

The late Mrs. Asselstine was a native of Alton, Prince Edward Island, where her parents, Mr. and Mrs. Henry J. Matthews, still reside. The demise is exceedingly sad, as, besides her parents, a sorrowing husband, and an infant daughter, aged one month, she leaves to mourn the loss of a well beloved sister, four brothers and six sisters, among the latter being Mrs. B. R. Matthews, of Dayland and Miss E. P. Matthews of Wetaskiwin. The deceased was a grand niece of the Rev. George and James Gordon, Presbyterian missionaries to the South Sea Islands, of Prince Edward Island, who are known as the martyrs of Brromanga.

Previous to coming to Wetaskiwin as a bride a little over a year ago, the deceased was assistant principal of the Dayland public school. On Wednesday evening, services were conducted at the family residence, 100 Thos Street, by Rev. C. E. A. Pooce, pastor of Knox Presbyterian church, of which deceased was a member. Appropriate musical selections were rendered by a quartette, composed of Mrs. H. J. Mckinney, Mrs. E. A. Pooce, and Messrs H. J. Montgomery and Gordon.

The floral tributes were numerous and very beautiful, attesting the high esteem in which deceased was held.

In addition to a pillow of valley lilies, peonies and carnations from Messrs H. J. Montgomery, C. B. McMurdo, J. J. Christopher and H. J. Welles, Prince Edward Island friends, beautiful contributions were received from the Wetaskiwin school board, the teachers of the Wetaskiwin public and high schools, high school pupils Mr. and Mrs. W. R. Armstrong, Canadian Order of Foresters, Mr. and Mrs. James P. Ellis.

The Willing Workers and the Women's Home Missionary Society of Wetaskiwin, Presbyterian Church, the W. C. T. U. of Wetaskiwin and others. The interment will take place at 10 o'clock on Wednesday evening at the cemetery, leaving for the east on the 28.20 train. Wednesday night, accompanied by Mr. A. F. Matthews, a brother of the deceased. A large number of sorrowing friends accompanied the remains to the station. We join in extending the deepest sympathy to the bereaved family.

The many friends of Mr. and Mrs. J. P. Johnson exceedingly regret to learn that their oldest daughter, aged five years, was taken seriously ill a few days ago. Four physicians have been in attendance and despite all that loving hands can do, no hope can be entertained of her recovery.

The fire brigade had a run on Tuesday to a burning chimney in Mrs. Bunting's house, Rosemont street. No damage was done.

After Annual Meeting of Hercules Rotary Engine Co., shareholders have greater confidence than ever in the invention

The annual meeting of the Hercules Rotary Engine Company, Limited, was held in Angus Theatre on Monday afternoon last with a large number of the shareholders present. Among those in attendance were shareholders from Winnipeg, Saskatoon, Medicine Hat, Edmonton, Calgary, Camrose, and many other outside places. The reading of the auditor's report showed the company to be in a very satisfactory condition financially.

The principal business of the meeting was the election of directors, but this was quickly over, and two new names are added to the list, Messrs. O. E. Underwood of Calgary and J. Y. Crea, Wetaskiwin, replacing Messrs R. M. Angus and R. W. Manley, who tendered their resignations. The directors for the ensuing year are Messrs. Geo. D. Wallace, H. I. Call, H. J. Montgomery, R. D. Robertson, O. E. Underwood and J. Y. Crea. H. I. Call, the inventor, was then called upon to give an account of the work which had been done during the past year, and what the prospects were for the future. Mr. Call referred to the setting of the Canadian manufacturing rights to a company composed of well-known and influential Winnipeg business men, for the sum of \$50,000 on a royalty of \$1 per horsepower for every engine made. This company is now making arrangements for construction of the engine, by preparing to erect a large factory, and it is expected that in a few months the Call engine will be placed on the market as a commercial machine. The Winnipeg men who have taken up this proposition are John McKechnie of the Vulcan Iron Works, Sir. Wm. Whyte, of the C.P.R., D. S. Cameron, and several other practical engineers and mechanics, who at once saw the great possibilities of the engine, and knew what they were purchasing. He also referred to a gas engine which he was now working on, and which when completed, as it would be shortly, would still further put the engine in the lead by outvaluing everything yet invented in that line of machinery.

CONCERT A GRAND SUCCESS.

The concert given by the amalgamated Choir (Ladies) section in the Angus Theatre on Wednesday evening was a grand success in every way. The attendance was large, and the audience expressed their enjoyment by hourly applauding every item. The choir was assisted by Miss R. M. Elliott and Mr. Jack Gardner of Edmonton, who each rendered a couple of solos with adepts. Miss Elliott also took solo parts in the Ladies' Cantata, and at once won the hearts of the audience. Mr. Gardner, who is a former Wetaskiwinite, fully sustained his reputation as the best singer in the province. Mr. Hughes is to be commended upon the grand success of the occasion, and he is now receiving the congratulations of his many Wetaskiwin friends. Much of the success was also due to the untiring efforts of the president Mrs. John West.

The concert in the Methodist church on Wednesday evening of Miss Bessie Pilkie and Miss Hazel Anderson next week promises to be one of the best ever held in the city. The following is the program: Piano-Prélude in C minor, Miss Anderson. Vocal --- "She wandered down the mountain side," Miss Pilkie. Reading --- "Whistling in Heaven," Miss Anderson. Vocal --- "Rosary," Miss Pilkie. Reading --- "Tale of a Rose," Miss Anderson. Duet --- "I Live and Love Thee," Misses Anderson and Pilkie. Vocal-Recitativo --- "The Grand Bumper Degree," Miss Anderson. Vocal --- "Kashmiri" (Indian Love Lyrics), Miss Pilkie. Reading --- "How the La Rue Star-Reader went lost," Miss Anderson. Duet --- "The Lord is my shepherd," Misses Anderson and Pilkie. God Save the King.

NOTICE

IN THE ESTATE OF NATHANIEL SEYMOUR, LATE OF YEOPORD, ALBERTA, DECEASED.

NOTICE IS HEREBY GIVEN that all persons having claims upon the estate of the late Nathaniel Seymour who died on the 20th day of February, 1913, are required to send to Ernest D. H. Wilkins, Solicitor, Wetaskiwin, Alberta, on or before the 8th day of April, 1913, full statement of their claims, and of any securities held by them, duly verified, and that after that date the Administrator will proceed to distribute the assets of the Decedent among the parties entitled thereto, having regard only to the claims of which Notice has been filed with the said solicitor. Dated at Wetaskiwin, this 21st day of April, 1913. ERNEST D. H. WILKINS, Solicitor for the Administrator

NOTICE TO CREDITORS

In the estate of Frederick William Revitz, late of Wetaskiwin, deceased. Old newspapers for sale at The Times Office.

Mrs. R. Belcher of Edmonton is in the city the guest of her daughter, Mrs. H. W. Nesbitt.

A painful accident happened a few days ago to Ernest Wiberg, when a revolver discharged, and the bullet entered his hand. The wound is now healing up nicely.

The Rummage Sale, which was to be held on Saturday, April 26th, by the Parish Auxiliary of Immanuel Church, has been postponed to a date, which will be announced later.

At a meeting of the Liberals on Friday evening last, it was decided to tender Chas. H. Olin, the successful candidate at the last election, to a banquet, which will be given on Saturday date. A strong committee was appointed to make all arrangements.

Don't let your home run down. Take some pride in it. You are living there. Clean it up, paint it well with Ramney's Paint. It is a reflection of yourself. Be sure to get Ramney's Paints. Don't fool around with other brands. Get Ramney's and do it right. They are sold by Ap. Bros., Wetaskiwin, Alta.

Many Wetaskiwinites, who were acquainted with Mrs. Thos. Kennedy, who resided here some years ago, are trying to learn that she passed away on the 18th inst., at the home of her brother in Leeds, England. She was a patient sufferer for five years with cancer, and although several operations were made, it was of no avail.

The station grounds are to become a place of beauty. A representative of the forestry branch of the C. P. R. arrived in the city this week, and commenced on Wednesday morning with several teams to level off the grounds, preparatory to laying out a drive way on the outside, sowing of grass seed, and the planting of shrubbery, trees, etc., on the oval, and the station in the inside. The band stand and large palisade fence will be moved, and the entire area will be fenced. The citizens of Wetaskiwin appreciate this improvement initiated by the railway company, as it is another advanced step in making Wetaskiwin, the "City Beautiful".

MUSIC

PIERCE PRAIRIE FIRMS BURN

SOUTH OF MOOSE JAW

Moose Jaw, Sask., April 21.

Punned by a high wind which alternately blew from the south and south-west, settlers in the south country have spent a miserable time since Saturday morning. To date the damage done by these angry fires cannot be estimated, but it is assured that it will run into thousands of dollars. Some homesteaders have lost their barns and other buildings, and their dwellings destroyed. Grass has been burned from a large area, and the question arises what will be done to provide the horses and cattle with food before the new grass appears.

Suffered With A Lame Back COULD NOT STRAIGHTEN UP.

Many people fail to understand the significance of a lame back, sore or aching back. When the back aches or becomes weak it is a warning that the kidneys are affected in some way. Head the warning, cure the back and dispose of any chances of serious kidney trouble following.

Mr. C. C. Grock, Hamilton, Ont., writes: "I was suffering with a lame back, and for two weeks was not able to straighten up to walk, and hardly able to sit down for the pains in my back, hips, and legs. I had used different kinds of pills, plasters, liniments and medicines, without any relief. One day I read about Doan's Kidney Pills and decided to try them. Before I had half a box used I felt a great deal better, and by the time I had used two boxes, I was cured. I have no hesitation in recommending Doan's Kidney Pills."

Price 50 cents per box or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

When ordering specify "Doan's."

What Cures Eczema?

Many different remedies have been tried for Eczema and other skin diseases. But it is now known that the only complete cure is a mild, soothing liquid made up of Oil of Wintergreen, Thymol, Glycerine and other ingredients has its proper effect.

This compound is now made up in the D.D.D. Prescription. Years of success and thousands of cures show the merit of this wonderful compound, but the most convincing proof is a trial

H. L. HIGGS, WETASKIWIN

Town Topics

C. D. Enman made a business trip to Calgary on Saturday last, returning on Monday.

Mrs. P. A. Miquelon, who has been spending a couple of months in California, returned home a few days ago.

The city is advertising for a janitor for the city hall, applications to be received up to Tuesday evening next.

Mr. Crosby arrived in the city a few days ago from Saskatchewan to visit his parents, Mr. and Mrs. A. C. Crosby.

Miss Minnie Anderson, who has been visiting friends in different places across the line, returned home a few days ago.

John A. Kerr, was in the city the forepart of the week transacting business, and shaking hands with many of his old friends.

J. I. Poole, clerk of the supreme court for the Wetsaskiwin judicial district, spent the week-end with his family at Lacombe.

Harris Oum of Medicine Hat was here during the past week looking after his business interests. He attended the meeting of the Hercules Rotary Engine Co., on Monday.

The A. & W. Sales Company have moved their business from the block of the Wetsaskiwin Hardware Company, to the store recently vacated by Enman's Bookstore, Pearce street.

Jas. Fleming, who has been spending a few months with relatives in Old London, and other places on the continent, returned to the city on Tuesday evening, looking hale and hearty.

One of the best entertainments ever given in the city was put on the stage on Tuesday evening by the Maging Mildred Company. It was the roughly enjoyed by every one who attended.

W. J. Francis, a well-known newspaper man in Alberta, and the west, is in the city this week. Mr. Francis is a hustler for business, a keen student of human nature, and an interesting conversationalist.

We were in error last week in stating that the late Gustaf Bengtson was the first man to take up land in this district, as we have been informed that Frank Laegre, David and Noble Morrison, and a few others were located here when Mr. Bengtson arrived in this community.

L. E. Martin of Quamros was in the city last week, shaking hands with his many friends. He has accepted the agency for the part of the province for the McLaughlin-Bueck automobiles, and reports that his prospects for making several sales are excellent. See advertisement in this issue.

Mr. and Mrs. J. D. Enman of Summerside, P.E.I., arrived in the city on Monday last to spend some time at the home of their son, Alberman and Mrs. Enman. Mr. Enman was in Wetsaskiwin nine years ago, and expressed his surprise to see such an enterprising and up-to-date city develop here during that time.

On Sunday afternoon next the officers and members of Wetsaskiwin lodge No. 8 Independent Order of Odd Fellows will celebrate the ninety-fourth anniversary of the founding of the order in America, and the twelfth anniversary of the institution of Wetsaskiwin lodge by holding a church service to the Presbyterian church, where appropriate services will be conducted by Rev. C.E.A. Pocock. The brothers are requested to meet at the lodge room at 3 p.m. sharp.

Jos. F. Suys has just received a consignment of five stallions and five mares, all Belgians of the best breeding, direct from Belgium. The animals all came through his first-class equine, and may now be inspected at his farm a few miles east of the city.

Mr. Suys says the object in bringing these animals here is to improve the standard of the stock in this district, and if he is successful in disposing of this shipment readily other shipments will follow in due course. All lovers of fine horses should see these animals.

The Calgary Herald in giving a general summary of the spring work of the province has the following to say regarding the Wetsaskiwin district:—Seedling commenced in the Wetsaskiwin district last week and is now general. About 80 per cent of the wheat is now sown and the ground is in first class condition. Little winter wheat is grown here. Perhaps not as much plowing done last fall as usual owing to the wet season. The acreage in crop this year will be about 20 per cent over last year. There is practically none of last year's wheat yet to be marketed. Oats is banner crop of the district and there is yet about one-third of last year's crop to be disposed of, while 10 per cent of the barley is yet on hand. This district is rapidly developing into one of the foremost mixed farming communities in the west, as the farmers are devoting greater energies each year to dairying, fruit raising, etc. There are very few farmers who are not now getting large returns from their cream poultry, hogs, etc.

Why You Should Buy A Gurney-Oxford Range

Because the Gurney Economizer saves 1 ton
of coal in every 6 burned in other ranges.

Because the Economizer gives you absolute
control of your stove and the fuel consumption.

Because the range is air tight and conse-
quently does not waste the heat.

Because its new Special Grate is another
fuel saver and the stove is shaken with one
operation.

Because its Divided Flue makes every hole
a cooking hole.

Because of its sanitary artistic design.

Because of its Broiler equipment.

Because of its polished top which requires
no stove polish.

Because of its roomy over-size oven which
results in perfect baking of any article of food.

The Gurney-Oxford range will do everything
that a stove is intended to do—and infinitely
more in that it has four scientific fuel-and-labor-
saving devices that are exclusive—the Econom-
izer, the Divided Flue, the Special Grate, and
the Broiler.

A Gurney-Oxford will prove of inestimable
worth in your kitchen. It will save your time,
it will never aggravate your temper, it will
end your trials.

INTRODUCTION OF THE CLOSURE IS A DANGEROUS MEASURE

The introduction of the closure in
the Canadian House of Commons is a
measure of the far-reaching importance
of which can easily be underestimat-
ed.

A strong opposition, with untram-
melled power to force a full discus-
sion of matters before the house, is
essential to the successful operation
of our system of government. Those
who draw their arguments in support
of the closure from the experience of
the British House, must be careful to
remember that there are certain well
defined differences in the constitution
of the two bodies which are too often
ignored in the discussion, which has
been provoked in Canada by Mr. Borde-
n's proposals.

Most important of these differences
is the fact, that, while the Canadian
speaker is the appointee of the party
in power and loses his position when
that party goes out of power, the
speaker in the British House occupies
a position more permanent in charac-
ter and virtually independent of the
influence of the party. This is well illus-
trated by the unwelcome rule which
required that the speaker shall not be
opposed when seeking re-election.

The virtual independence of the
speaker of party control is the best
possible guarantee against the abuse
of the closure and this guarantee will
of the closure and this guarantee will
of necessity, be absent from the Cana-
dian system in the event of the pas-
sage of Mr. Borden's closure measure.
What are we to expect from the clo-
sure in the House of Commons, exer-
cised by a partisan speaker acting un-
der the direction of such political
leaders as the Hon. Robert Borden?
Does anyone believe that this power-
ful weapon will not be used to ter-
minate debates upon matters which,
if discussed in full, may prove em-
barrassing to ministers?

It is interesting to note that, while
Mr. Borden was able to quote from
liberal papers denouncing the closure,
no utterance of Sir Wilfrid Laurier
could be reproduced to embarrass
him in his position to the gag. In
this, as in many other matters, Sir
Wilfrid Laurier affords a striking con-
trast to the obstruction of Mr. Borden.
While certain Liberals have urged the
introduction of the closure to
check the obstruction of Mr. Borden
and his associates Sir Wilfrid would
have none of it. He believed then,
as he believes now, that full freedom
of discussion should be allowed on all
matters.

CATTLE FEEDING EXPERIMENT AT LACOMBE STATION, 1912-13

Three groups of steers have been
on feed at the Experimental Station
at Lacombe during the winter just
closed. Each group was divided
equally as far as possible with refer-
ence to breed, age, weight and qual-
ity. The advantage in the matter of
weight was given to the group in-
tended for inside feeding. The cattle
were two and three years old and
there were twelve in each of the three
groups. A fourth group of thirteen
head was also fed, but were handled
in exactly the same manner as group
No. 3, but were the poorest quality
animals group to begin with, and
since they represented the culs of the
entire purchase, the results need not
be considered except in so far as they
have a bearing upon the average
stock available for feeding. These
were not up to the average, and did
not reach a standard of sufficient im-
port to bring the price received for a
better class of cattle. These culs
were sold at six cents per pound
straight weight, to the Swift Canadian
Co., Ltd., who were also the buyers
of the groups used in the experi-
mental feeding at seven and one-half cents
subject to five per cent. shrinkage.
Delivery was made on March 15th.
The eight small steers from the bunch
of culs made a loss of 41 cents per
head after paying for all feed at mar-
ket prices shown in the tables, was
less than two years old that weighed
1,105 pounds, and brought \$78.75, be-
ing considered good enough for Coast
trade. He was a good killer and
showed the probability of a very
small percentage of waste.

The three groups were fed on ex-
actly the same feeds, but were given dif-
ferent accommodation. Group No. 1
was fed in the barn in box stalls
which were kept well bedded and
at regular intervals. They were not
let out at all except once each month
for the purpose of being weighed.
They had water twice a day, though
it was practically before them through-
out the day. They were fed straw 10
their mangers as well as green feed
and hay during the last three weeks
of the feeding period as were also the
other two groups.

Group No. 2 was fed in the corral,
having but a very limited run, being
confined near the buildings. These
steers had water before them at all
times and were fed their roughage in
the feeding racks about the corral.
They got their straw at the straw
stack. The water in the tank was
kept free from ice by the use of a
tank heater.

Group No. 3 was fed in the bluff
toward the western boundary of the
farm, were at liberty to run free,
practically over a half-section of land
had access to the straw stacks and
were fed on the ground. They water-
ed at a small lake through the ice.
The grain mixture used this year
consisted of wheat, oats and barley
mixed in the proportion of one-fifth
wheat, two-fifths oats and two-fifths
barley, finely ground. The chop was
charged at one cent per pound, the
green feed at \$10 per ton, hay at \$10
per ton, salt at cost and the straw
consumed per head has been estimated
at one ton per steer and charged at
\$2 per ton.

The labor cost has not been charg-
ed against the steers in the table,
nor are they credited with the manu-
re produced. We have found from a
number of experiments that manure
is well worth \$1.08 per ton applied.
We can apply it for 25 cents per ton.
It would appear fair, therefore, to
credit the steers with the manure pro-
duced at 75 cents per ton in the yard.
The manure produced by the cattle
fed inside weighed 140,400 pounds.
Comparing the value from the three
groups we must remember that the
manure from group No. 1 can be more
cheaply collected than that from those
fed outside where it has been de-
posited over a wide area, mostly
about the stacks it is true, but still
a part of it will be lost. Group No.
1 requires about 30 minutes labor
to attend to them for 109 days; group
No. 2, required 64 hours 15 minutes.
While on group No. 3 58 hours of la-
bor were expended. Those who are
not in position to realize on the fer-
tilizer value of farmyard manure,
should charge the labor against the
cattle at current wages.

The following tables give further de-
tails in regard to this experiment:

GROUP NO. 1

Number of steers on feed	12
Gross weight, weighed in	13,225 lbs
Average weight, weighed in	1,102 "
Number of days on feed	109
Gross weight, weighed out	15,232 lbs
Average weight, weighed out	1,268 "
Total gain in 109 days	2,007 "
Average gain per head	167 "
Average daily gain per head	1.53 "
Hay consumed per head	1,078 "
Chop consumed per head	1,019 "
Value of hay consumed per head	\$5.39
Value of chop consumed per head	\$10.19
Average cost of 100 lbs grain	\$10.94

COST

Twelve steers, weight 13,225 lbs at \$5.36	\$708.86
12,234 lbs, chop at one cent per pound	122.34
11,265 lbs, green feed at \$10 per ton	55.02
Value of hay at \$10 per ton	10.19
110 lbs salt	1.45
12 tons straw at \$2.00 per ton	24.00
Pasturage	6.98
Total cost	\$928.39

RECEIPTS.

10 steers, weight 12,966 lbs, less 5 percent at 7 1/2c per lb	\$922.85
2 steers, weight 2,266 lbs, at 6c	135.96
Total receipts	\$1,058.81
Total cost	928.39
Total profit	131.42
Average profit per head	10.95

GROUP NO. 2

Number of steers on feed	12
Gross weight, weighed in	12,765 lbs
Average weight, weighed in	1,063 "
Number of days on feed	109
Gross weight, weighed out	15,113 lbs
Average weight, weighed out	1,260 "
Total gain in 109 days	2,353 "
Average gain per head	196 "
Average daily gain per head	1.79 "
Hay consumed per head	1,122 "
Chop consumed per head	1,028 "
Value of hay consumed per head	\$5.51
Value of chop consumed per head	\$10.28
Average cost of 100 lbs grain	\$9.53

COST

Twelve steers, weight 12,765 lbs, at \$5.36	\$684.20
12,383 lbs, chop at one cent per pound	123.83
11,277 lbs, green feed at \$10 per ton	55.38
1,763 lbs hay at \$10 per ton	8.81
12 tons straw at \$2 per ton	24.00
25 lbs salt	.35
Pasturage	5.98
Fuel for tank heater	2.00
Total cost	\$908.55

RECEIPTS.

12 steers, weight 15,113 lbs, less 5 per cent at 7 1/2c per lbs	\$1,077.15
Total receipts	\$1,077.15

Total profit	\$168.60
Average profit per head	\$14.05

GROUP NO. 3

Number of steers on feed	12
Gross weight, weighed in	12,650 lbs
Average weight, weighed in	1,046 "
Number of days on feed	109
Gross weight, weighed out	14,304 lbs
Average weight, weighed out	1,192 "
Total gain in 109 days	1,754 "
Average gain per head	146 "
Average daily gain per head	1.34 "
Hay consumed per head	994 "
Chop consumed per head	949 "
Value of hay consumed per head	\$4.97
Value of chop consumed per head	\$9.49
Average cost of 100 lbs grain	\$12.81

COST

Twelve steers, weight 12,550 lbs, at \$5.36	\$672.68
13,382 lbs, chop at one cent per pound	133.82
10,525 lbs green feed at \$10 per ton	\$55.17
1,291 lbs hay at \$10 per ton	6.45
12 tons straw at \$2 per ton	24.00
20 lbs salt	.28
Pasturage	6.98
Total cost	\$897.38

RECEIPTS.

12 steers, weight 13,559 lbs, less 5 per cent, at 7 1/2c per lbs	\$1,019.07
Total receipts	1,019.07
Total cost	\$897.38
Total profit	121.79
Average profit per head	10.15

ALBERTA LADIES' COLLEGE An Ideal School for Girls and Young Women RED DEER

PRESIDENT:
Rev. N. D. Keith, B. D., M. A.
LADY PRINCIPAL:
Mrs. J. Mulhew

Spring Term Commences
Tuesday, April 1, 1913
REGISTER NOW

Staff large and efficient.
Full preparatory and baccalaureate courses
given, including Public and High School
work. Music, Household Science and
Commercial Subjects.

Special attention given to Music, Stan-
dard and Typewriting.
An ideal location. Grounds comprise
thirty acres.

Magnificent New Building—equipment
complete—electric light, steam heat-
ing, maple floors, Boy's system venti-
lation.
Accommodation for 30 students (in resi-
dence) also day students.

E. W. Thirk leaves for Calgary on
Monday where he goes to take charge
of the affairs of The Canadian Im-
porting Co., Ltd., of which firm he
is a member. We wish E. W. all
kinds of success.—Hawth Sun.

Aboussafy & Murray's New Store

Having purchased the Wetaskiwin branch of The
Farmers' Co-Operative Stores, Ltd., at a big reduction
on the dollar, we are in a position to offer to the public
a good stock of

Dry Goods, Clothing our specialty,
Boots and Shoes, Groceries, Etc.

All Hardware and Paint we have are being
sold regardless of cost at a big Saving
on the price charged by others.

Come in and inspect our goods.

Highest Price Paid for Produce.

NEW ELEVATOR MAP

The Fifth Edition of a publication known as the Elevator Map of Manitoba, Saskatchewan and Alberta which has recently been issued in the Railway Lands Branch of the Department of the Interior at Ottawa, shows some exceedingly interesting and useful information with regard to the facilities available throughout the three Prairie Provinces for the handling of the grain production of Western Canada.

The map shows in a detailed manner the grain elevator capacity at each station on the different lines of railway, the name of the station appearing in a different color for the respective railway upon which it is located. The total capacity of the two thousand odd grain elevators throughout Western Canada, according to the statistics incorporated in the publication, is now over sixty million bushels, an increase of five hundred per cent during the past ten years, the total capacity in 1901 being only twelve million bushels.

Irrespective of the information with regard to elevators contained in this interesting compilation of facts and figures, the map should prove of value to every person desirous of procuring information with respect to the different lines of railway in operation in Manitoba, Saskatchewan and Alberta.

Like the majority of the publications of the department of the Interior, this latest edition of the Elevator Map is being distributed free of charge. Copies may be obtained upon application to the Superintendent of Railway Lands, Department of the Interior, Ottawa.

There is a great deal of useless and necessarily misleading talk going on about cure already wrought by Dr. Friedman's vaccine. No one who knows anything of the nature of tuberculosis will imagine its being cured in a week. After six months we may hope to hear some judgment passed by the very responsible jurists of doctors who are sitting upon three cases in New York, Montreal and Toronto, on the success and effects of the treatment. We should look for both. The only definite result so far is that one of the patients has died. He was apparently a desperate case. Patients seem, with rare exception, to feel better. That at least, is a wholesome condition. Feeling better goes a long way toward getting better, but it unfortunately in the present case does not count for much as evidence. Montreal Witness.

POCKETS

Pockets are small, obscure receptacles in men's clothes which retain everything except money. This is illustrated by the fact that many a man has come home at night with \$15 tucked away in a vest pocket and gone to work in the morning without the price of a package of tobacco.

When a man orders a suit of clothes made, he has pockets scattered all through it, and deposits small change in each pocket, in the hope that his wife will rise one and leave the price of a shave in it. There is usually a vain hope, however, for when a woman sets about to burglarize a pair of pants she manages to leave no thing but the buttons. It is getting so that out of pure self-defense a great many husbands have a compartment sewed over the left hip, equipped with a time lock attachment and a burglar alarm.

Women do not wear pockets, as they are never allowed to carry any money. Once in a while a woman will get hold of a small piece of money from some relative, upon which she will do one of two things. She will either hide it on the top shelf of the pantry, behind the baking powder can, so that her husband can't get hold of it and squander it on the grocery bill, or she will place it in her handbag, and then leave the bag on a store counter.

Small boys' clothes are also put pockets and one part of it, and are made to hold everything from a fish hook to a can of angleworms. It is a bigger job to involve the contents of a small boy's pants than it is to take stock in a store. When a boy stands on his head in the parlor, plunder will rain out of him and sound like a mule in a pawn shop.

Every Alberta farmer should make up his mind that this year he is going to raise some stock; get some brood sows, dairy cows, feeder cattle or sheep and start in right now to figure on raising the feed for them. There in the districts where it has been proven successful should certainly start a plot of alfalfa, those to the north can rely upon the native hay for part of the ration. Oats and barley, the former either green or ripe and latter for chop give big crops in all parts of the province. When Alberta farmers make up their minds to ship nothing from their farms except their wheat and feed everything else they will be in a position to laugh at frost or anything else that threatens their crops.

CAMROSE

(From the Canadian)

The fire brigade was called out about eleven o'clock on Monday morning only to find that the cause for alarm was a prairie fire west of the G.T.P. freight sheds.

The landscape artist of the C.P.R. has informed J. Douglas, local agent, that he will be in Camrose shortly and remain here to superintend the beautifying of the station grounds.

Arrangements are being made for a sacred band concert on Sunday afternoon under the leadership of O. L. Langbehl. The bandstand will be erected on the corner lot adjoining the Camrose Club building.

On Tuesday night Rev. F. J. Johnson closed the series of revival meetings held in the Methodist church and left on Wednesday morning for Edmonton.

J. W. Cameron left this morning for Fort George where he is opening a branch warehouse for his produce business. Several carloads of farm products including eggs and potatoes are now being taken west over the G.T.P.

The death occurred at the Camrose hospital on Sunday of Aileen Mogos, a young lady near Dorenda, who was injured in the shooting fracas several months ago.

Bishop Clement Hoyer of the Moravian church was in Camrose this week to investigate the work being done at the Lutheran College at Omba. Bishop Hoyer left here to attend the convention of the Moravian church in Edmonton where the question of affiliation with the Lutheran College for educational purposes will probably be discussed.

OFFICIAL APPOINTMENTS

The current issue of the Alberta Gazette announces the following appointments:

Justice of the Peace—Robert O. Young of Millet.
Commissioner for taking Affidavits—Anton Anderson of Rosebush, and William Yates of Duhamel.

Brand reader—Joseph J. Martz of Duhamel.
The name of the Rosebush School District No 616 has been altered, and will be hereafter known as The South Bitter Lake School District No 616. The Highland Park school district has been empowered to borrow the sum of \$300 for the purpose of improving the school house.

DO YOU WANT ANGORA GOATS?

During the past few months the Live Stock Branch of the Dominion Department of Agriculture has been in receipt of numerous inquiries as to where it might be possible to purchase either Angora or Milch goats. It would appear that in many parts of the Dominion the demand for these useful and profitable animals is rapidly developing and that those who at present have any surplus stock can find a ready sale for them if a channel of communication between supply and demand is established. Accordingly as a means of starting a convenient Directory of Canadian Breeders of Angora Goats and Milch Goats, the Live Stock Commissioner will be pleased to receive from such breeders information regarding their respective flocks covering the following: the following points:

1. Kind and number of goats kept.
2. Usual number for sale each year.
3. Approximately the prices asked.
4. If possible a brief statement regarding expenses found necessary and the returns which may be expected by one engaging in raising this class of stock.

Communications supplying the above information should be addressed to the Live Stock Commissioner, Ottawa, Ont. Such letters do not require postage.

MAMMOTH LINER LAUNCHED

Glasgow, April 21.—The largest steamship ever built in Great Britain the Cunard line Aquatania, was successfully launched at the Clyde today. The new vessel is double ended and carries 4,250 persons, the entire complement of passengers and crew. She is a vessel of about 47,000 tons gross.

Cook's Cotton Root Compound

The great Urtaria Toxic, and only safe, effective, Monthly Regulation which women can depend on. Sold in three degrees of strength—No. 1, 2, 3. No. 1, 10 degrees strength; No. 2, 20 degrees strength; No. 3, 30 degrees strength. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. FELL AWAY TO A SHADOW.

All Her People Thought She Had CONSUMPTION.

Mrs. Wm. Martin, Lower Ship Harbor East, N.S., writes:—"I am sending you a testimonial of my cure by Dr. Wood's Norway Pine Syrup. Last May I took a cold, and it settled on my lungs. I got two doctors to treat me but got no relief. All of my people thought I had Consumption. I had fallen away to a shadow. I had given up all hopes of ever getting better again until my daughter went to a store one day and bought me a bottle of Dr. Wood's Norway Pine Syrup. After taking half of it I felt better, so I got two more, and thanks to them I am well today, and able to do my house work. I cannot say too much in its praise, and I shall always keep it in the house."

Dr. Wood's Norway Pine Syrup contains all the lung healing virtues of the famous Norway Pine tree which makes it the very best preparation for Coughs, Colds and All Throat and Lung Troubles. See that you get "Dr. Wood's" when you ask for it. There are many imitations on the market.

Price, 25 and 50 cents.
See that the name, The T. Millbrae Co., Limited, is on the yellow wrapper.

"Sweet Sixteen" comes but once in her lifetime. Let the portrait preserve the record of that happy age. A visit to the photographer keeps fresh for all time, the budding charms of sixteen or the bloom of twenty.

Think what those pictures will mean to you and to her, in the after years.

Modern equipment and the natural, homelike surroundings of the up-to-date studio, insure faithful and artistic portraiture.

F. L. TALBOT,

The Photographer in this town.

MOUNTED POLICEMAN MURDERED IT IS TIME TO MEND YOUR WAYS

NEAR TOPIED BY MANIACS

Two supposedly insane horsebreakers named Ponberg are today the central figures in a blood-curdling drama which, for sensational features is probably unequalled in the magnetic history of the whole North West.

Obsessed with the idea that their shack stands on the site of a valuable silver mine, the Ponbergs converted the building into a miniature fortress. Built into a hillside, the shack, which is supposed to contain a big stock of ammunition, commands a sweeping view of the surrounding country, and the two maniacs, armed with high-powered rifles, are during the approach of any and all invaders.

They fired upon a Ruthenian as he passed the shack last Sunday. They greeted Mounted Policeman Tefley on Monday with a volley of bullets and arrived with a warrant for their arrest, the officer barely escaping with his life. On Wednesday Detective Bailey and Constable Whitley attempted to storm the citadel, but the desperadoes shot Bailey in the chest when he was within fifteen feet of the door. In the twinkling of an eye, Constable Whitley, true to the best traditions of the riders of the plains, heroically attempted to rescue his comrade's body, and had to sadly surrender his brave, self-imposed task. Bailey, who can hardly be alive, is still lying in the shadow of the grim death-dealing weapons, with mounted policemen on guard at a safe distance, but not daring to approach within the danger zone.

Today a big force of the mounted men, the most seasoned veterans of the force will be on the scene, and they will not leave until the two fiends are either dead or in safe custody.

CARD OF THANKS

Mr. E. N. Asseltine, M. A. and Miss E. P. Matthews, wish to thank the many friends for their heart-felt expressions of sympathy and their assistance during the bereavement. They wish to specially thank those who contributed floral tributes.

At a general meeting of the Loughheed Sports Club held in Bortons' Hall on April 19th, it was decided that the annual Holiday and Sports Day should be held on Friday, May 23rd, instead of on the 24th, as there will be a big dance in the evening, and Friday being a better day for a celebration than Saturday.

Do not do all spring cleaning on the inside—clean up outdoors and back yards. Refuse of all kinds is not only most disagreeable, but most unwholesome. Just what germs may be harbored in the debris no one knows. Warm weather will start decomposition; damp and waste things of any sort will breed flies and mosquitoes. A host of diseases may lurk in dark corners. The only safe way is to turn on the light; keep the rake and brush handy, and use the best disinfectants at your command. It is the only safe way, from a sanitary point of view.

CAUTION

With the advent of spring and dry weather, a host of warning in regard to prairie fires is not untimely. Already several minor losses have occurred throughout the province from this cause, and it is becoming a matter of good fortune than otherwise that disastrous conflagrations have not happened. Aside from the mere observation of law on this matter, it is to the interest of everyone, for the safety of property to use their utmost caution in setting fires until the last spark is extinguished. A little caution at the proper time is far better than any amount of regret afterwards.

ALBERTA STILL LEADS

The following interesting item was sent in by Colonel Newcomb from Carriehill ranch, Agricola. "A grey goose had laid eggs and made her nest, but as it was cold weather (about zero) we removed the eggs and on April 19th the ranchman Mr. T. Charlton, and the man in charge of my fattening cattle, went down to see how things were going on, when to their surprise, they found the goose sitting on her nest with seven small newly born pigs (a few days old) under her wings, snugly sitting on them, both being quite happy."

This brings to mind the case of the enterprising cat who mothered a family of young ducks, which, for some reason had been repudiated by their rightful owner.

Will anyone deny that Sunny Alberta takes the lead in progressiveness?

When you hear of someone burning his money you know the person is of a wasteful. When you do your shopping do you waste your time? You do waste a fearful lot of it unless you plan your shopping ahead. Let the advertising columns of The Times be your shopping directory.

To Close Out an Estate

Tenders will be received up to and including 26th April 1913, for the purchase of the undermentioned properties viz.,

1. Lot 5 block 2 in the City of Wetaskiwin, with brick building with basement thereon, now occupied by the Wetaskiwin Hardware Co., suitable for store.

2. S.B. 1 22-46-24 West of 4th, and buildings thereon, within the limits of the City of Wetaskiwin.

3. N.W. 1 of 21-46-24 West of 4th, ten acres, with three strands of Barbed Wire, no other improvements, one mile from Wetaskiwin City limits.

Terms, half cash, with balance in twelve months, and with interest at 8 p.c.

An accepted cheque for 10 p.c. of the cash payment must accompany each tender, and balance of the cash payment will be payable within fourteen days from acceptance thereof. The highest of any tender not necessarily accepted.

All tenders to be marked "Tender" in the top left hand corner of the envelope, and addressed to: NATIONAL TRUST CO. LTD., Edmonton, Alta.

Town Topics

Mr. J. W. Simpson of Worcester, Mass., is in the city with the idea of establishing a \$250,000 paper and straw-board plant. His final decision in the matter will depend upon his success in finding a location and his inspection of the pulp wood areas in the north proving satisfactory. Plained.

The plans have been prepared and every detail is now in readiness for the calling of tenders for the erection of a new addition costing \$50,000, to the Methodist church at Edmonton. The plans call for an additional departmental Sunday school, a swimming pool, a fine gymnasium fitted up to meet every requirement and also a billiard room.

Calgary, April, 21 — John Lindeham, a resident of Alberta for thirty years, and reputed to be a millionaire, died here today of Bright's disease. He had been ill for many months, but death came as a surprise. Mr. Lindeham had extensive lumber interests in the west and devoted most of his time to them. He was the owner of several large business blocks and also the Empress hotel in Calgary.

A western despatch states that in the course of the next few days steel on the main line of the Grand Trunk Pacific west of Winnipeg will have reached McBride, the next Divisional point, beyond Tete Jaune, and 50 miles further west. This townsite is situated in a beautiful fertile valley, the bench lands of which are admirably suited to agriculture.
